## Fabric Dyeing for Flowers and Leaves

### Student Supply List:

1. \$8.00 per yard fee for PFD fabric. Bring enough for at least 3 yards.
2. Clothing and shoes suitable for staining
3. Plastic cups and plastic spoons, one for each color.
4. Buckets for taking the dyed fabric home to wash.
5. Sharpie pen for labeling bags.
6. Gallon sized Ziploc bags, one for each fabric piece.
7. Spray bottle
8. Rubber gloves
9. Face mask (dust mask okay unless you are sensitive to allergens. Better masks can be found at Dharma Trading Company or your local hardware store.)
10. \*Synthrapol® or other good detergent for wash-out at home.
11. Sunscreen if class is in sunshine.
12. Snacks

You will learn 3 methods using Soda Ash and salt to set the dye. These techniques will make fabric suitable for leaves, flower petals and backgrounds. If we have time and interest I will show how to make Ombre fabric.

I will bring superior quality PFD fabric and the dyes and chemicals as well as drop cloths for the tables.
